JLL (NYSE: JLL) is a leading professional services firm that specializes in real estate and investment management. JLL had nearly 300 corporate offices, operations in over 80 countries and a global workforce of more than 77,000.

Preface

This *Smart Guide to Acquiring Property and Citizenship in Turkey*, written in collaboration with JLL, aims to assist individuals and organizations wishing to buy property and gain citizenship in Turkey by providing information on the real estate market in the country, which has progressed in an investor-friendly fashion in the last decade and a half. The guide consists of information on residential, office, retail, logistics, and hotel markets in the country and procedures that investors should face during the process of acquiring citizenship.

Turkey is a dynamic and growing G20 economy that links the east and the west in a unique way. In addition to being one of the world's fastest growing economies, Turkey also supports international investors' growth via a business-friendly agenda and through access to a large domestic market and neighboring international markets.

Strong market fundamentals, such as a young and dynamic population with an average age of 32, a well-educated work force, increasing rates of employment over the years, a growing middle-class, and a unique geographical location, have all helped transform Turkey into one of the fastest growing OECD member countries. As of end-2018, Turkey is the 13th largest economy in the world (GDP at PPP), with an average annual growth rate of 5.5 percent in the 2003-2018 period.

Turkey's location, at the crossroads of Europe, Central Asia, and the Middle East, provides easy access to the European, Middle Eastern, North African, Central Asian, and Gulf markets. These markets comprise more than 1.5 billion people and account for a total GDP of USD 24 trillion. More than half of the world's trade takes place within a four-hour flight radius of Turkey – a key reason why multinational companies have chosen Turkey as a strategic regional hub for their operations.

I would also like to take this opportunity to remind you that Presidency of the Republic of Turkey Investment Office is not only the official organization for promoting Turkey's investment opportunities to the global business community, but also a top-notch resource center featuring the most in-depth and up-to-date information on every issue related to Turkey. It goes without saying that our dedicated teams are more than willing to do the utmost to provide you customized guidance on a fully confidential basis.

Finally, I would like to extend a special thanks to the team from JLL for sharing their expertise and market insight with us in contributing to this guide.

We hope this guide will benefit all those individuals and corporations who are interested in buying property and acquiring citizenship in Turkey. Please feel free to get in touch with us about any of your business-related queries.
